

Kurt Swan is the Director of Market Conduct Division at the Connecticut Insurance Department. Since joining the Department in 1997, Kurt has held several positions within the Department and is currently responsible for all property & casualty and life & health market conduct activity. In addition to these responsibilities, Kurt also is responsible for the Departments Licensing and Investigation and Fraud units and represents the Department on various NAIC working groups and task forces.

Before joining the Department in 1997, Kurt held various positions in the insurance industry, including a large consulting practice and major insurance carrier where his primary focus was new business, underwriting and claim operations.

He is a graduate of Bryant University in Smithfield, RI.
